

An illustration of a laboratory setting. In the background, there are shelves with various bottles and test tubes. On the left, a scientist in a white lab coat and blue pants is holding a molecular model. In the center, a woman in a white lab coat and red pants is standing. To her right, a man in a white lab coat and blue pants is holding a clipboard. On the far right, a person is sitting at a desk with a computer monitor displaying a virus icon. A blue door with an 'EXIT' sign is visible on the right. A large, stylized virus icon is positioned behind the central text.

CHECK IN WITH SAFEENTRY

COVID-19 and Contact Tracing

Coronavirus-2019 (Covid-19) causes respiratory symptoms, pneumonia and can lead to death

Transmitted between people through respiratory droplets and contact routes

Contact tracing identifies persons who may have come into contact with an infected person

What is SafeEntry?

- ✓ National digital **check-in system**
- ✓ Logs the **NRIC / FINs and / or mobile numbers** of individuals visiting public venues
- ✓ **Mandatory** to check in to a location
- ✓ The info helps in faster **contact tracing**
- ✓ Controls transmission of **COVID-19**

Three ways to check in:

A

SingPass Mobile
app

B

Scan QR code with
phone camera or
QR scanner

C

NRIC / FIN
or official ID with
barcode

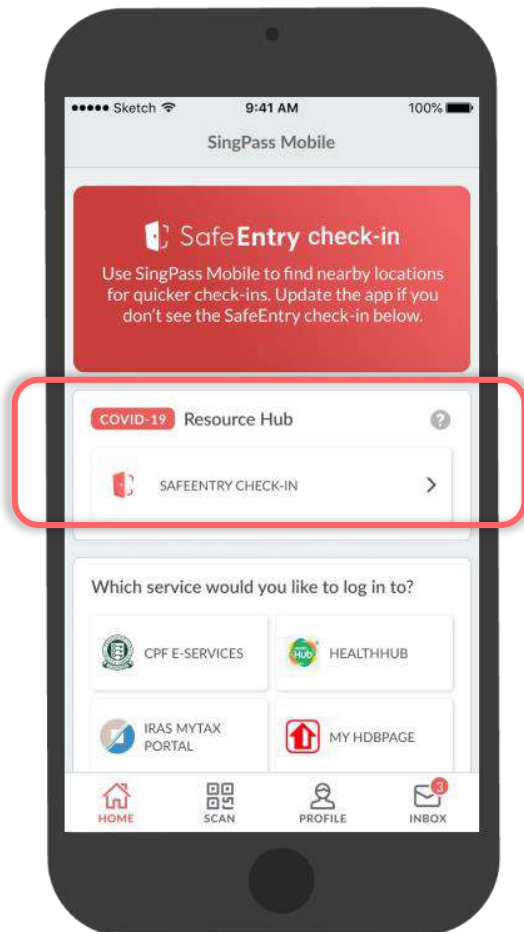

A. SingPass Mobile app

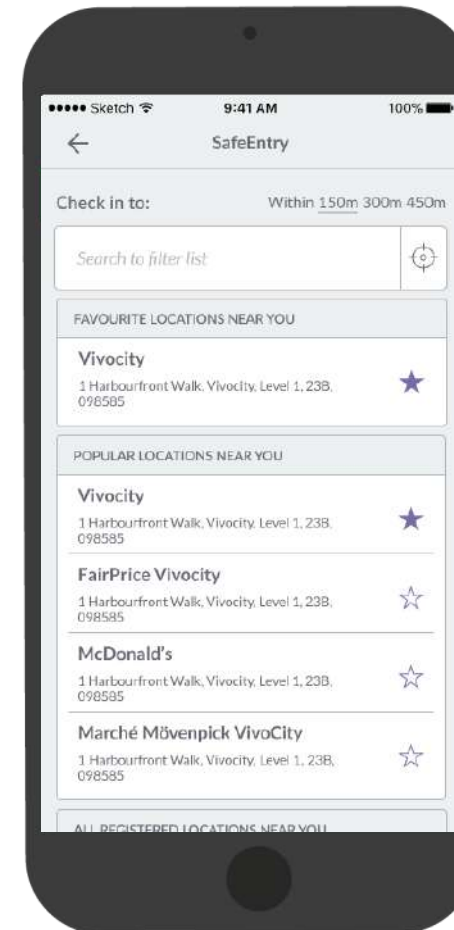

A. SingPass Mobile app

Alternatively,

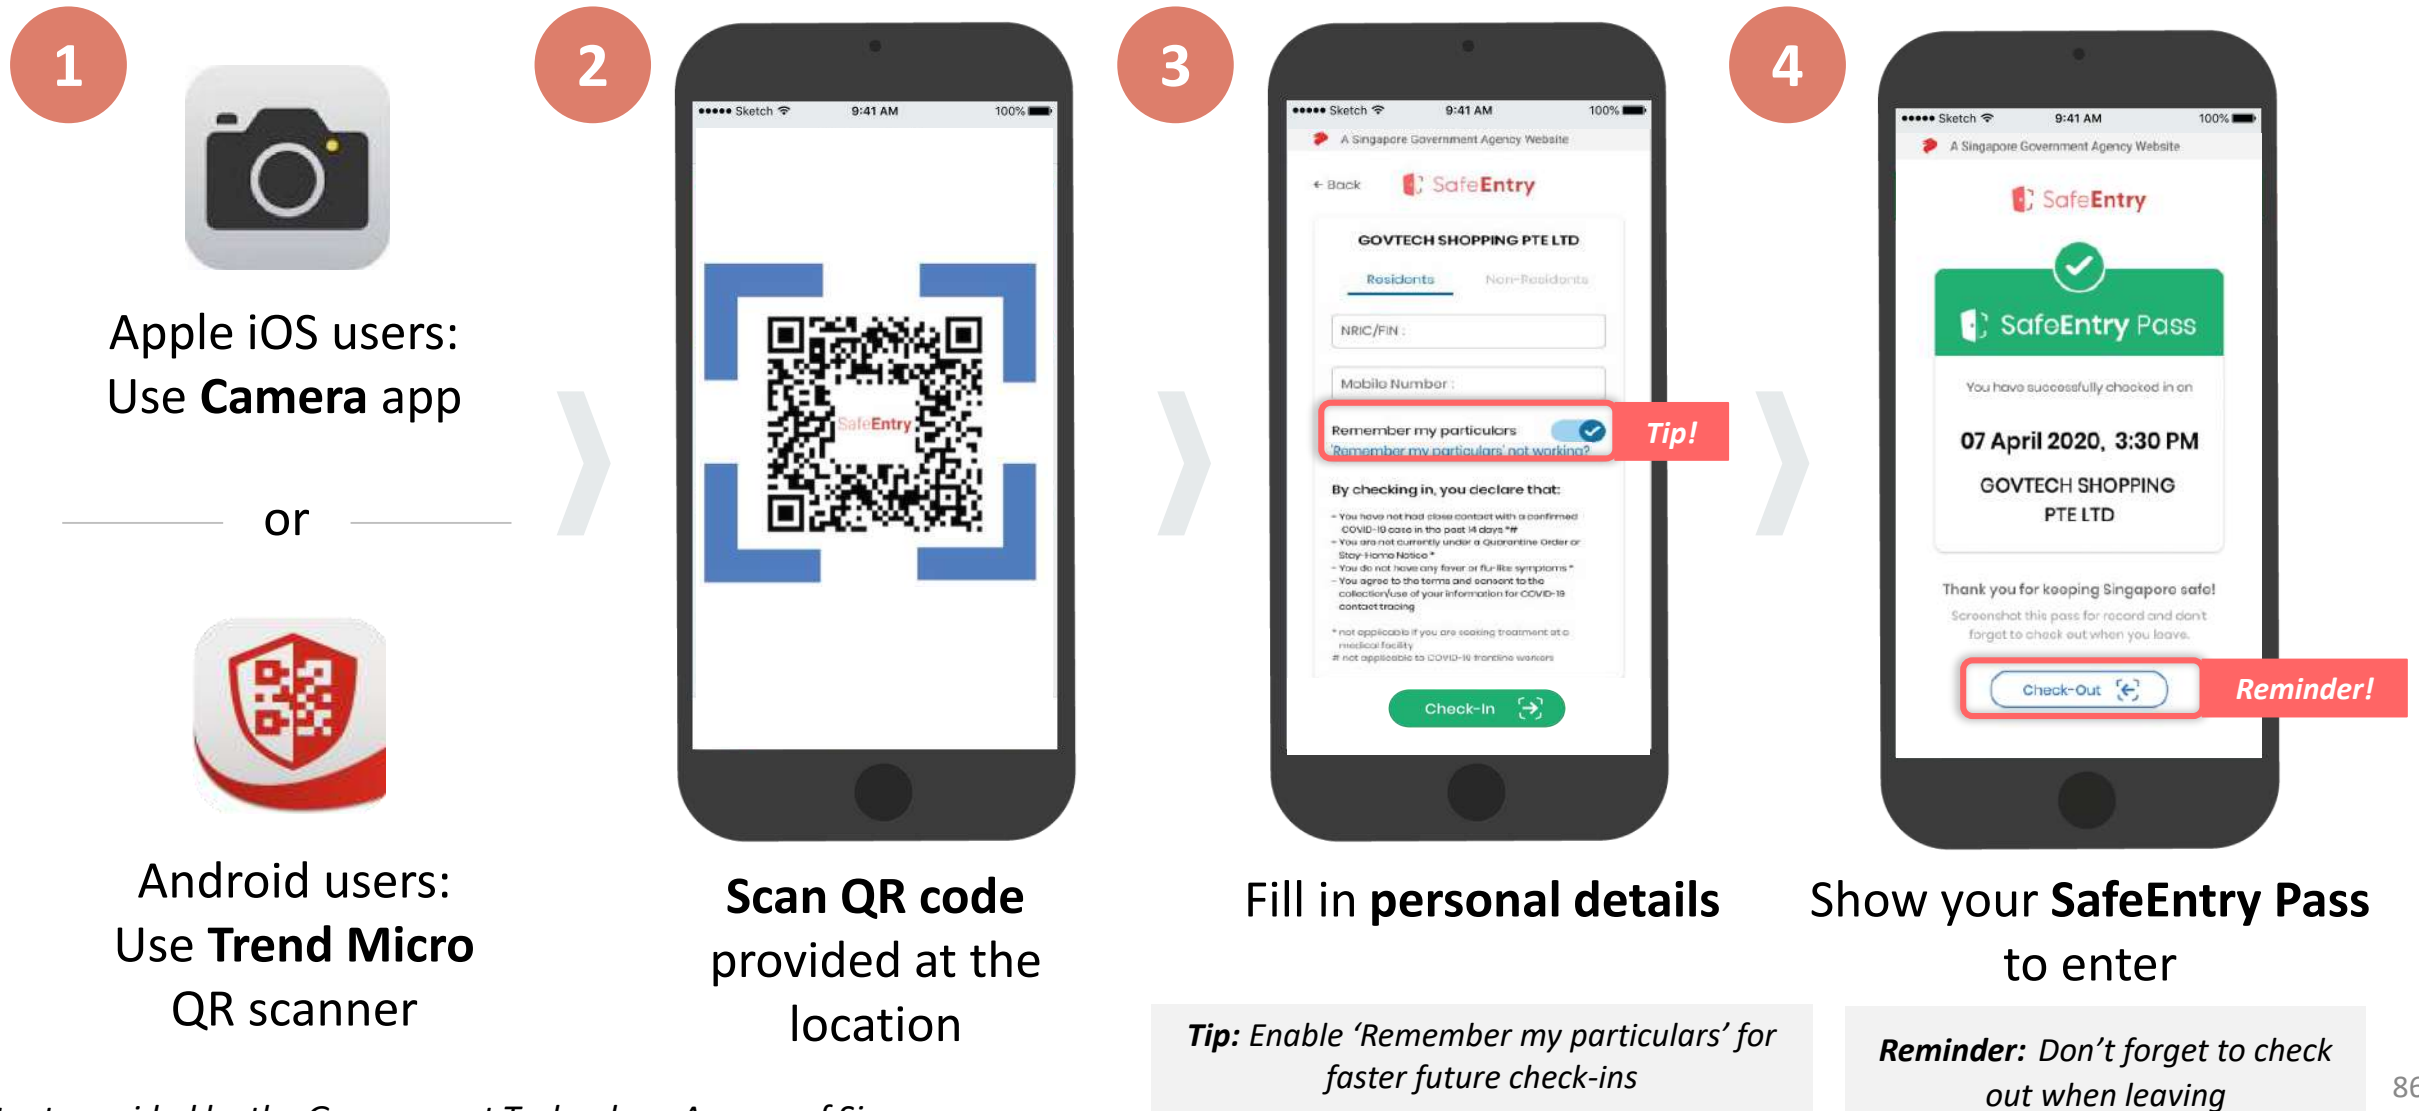

Tap on
'SafeEntry Check-In'
on the app's homepage

Search for your
location

Star your favourite
locations for faster
check-ins!

B. Scan QR code

B. Scan QR code

Remember my particulars not working? Try these fixes:

1 Use these scanning methods:

SingPass Mobile: Tap 'Scan'

Apple iOS Devices:
Use the Camera app

Android Devices:
Use Trend Micro QR scanner

2 Disable private browsing mode.

3 Restart your device and try again.

C. Use NRIC / FIN or any official ID

Present barcode on photo ID for scanning

- MOM-issued Visit Pass / Work Permit
- Driving Licence
- PASSION Card
- Transit Link Concession Card
- Pioneer Generation Card
- Merdeka Generation Card

Didn't bring your ID?

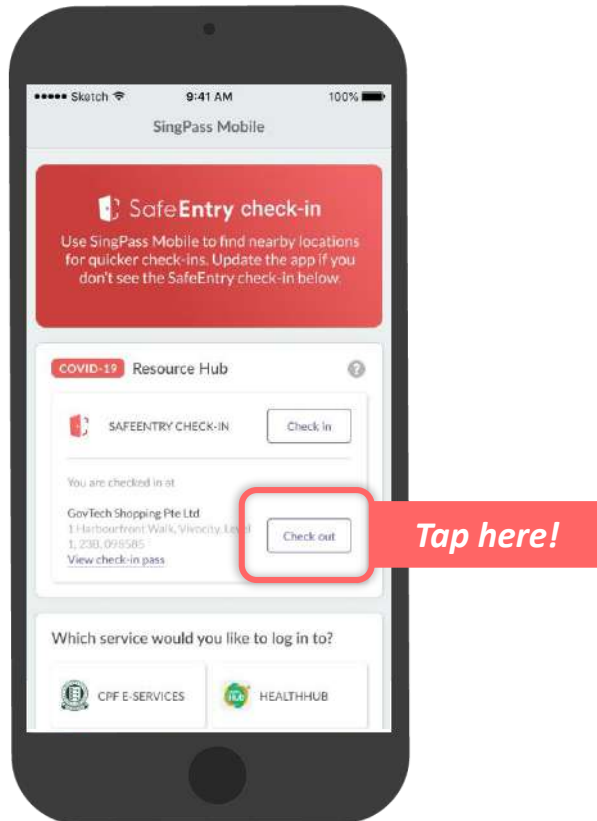

Find your barcode in your **SingPass Mobile's Profile tab**

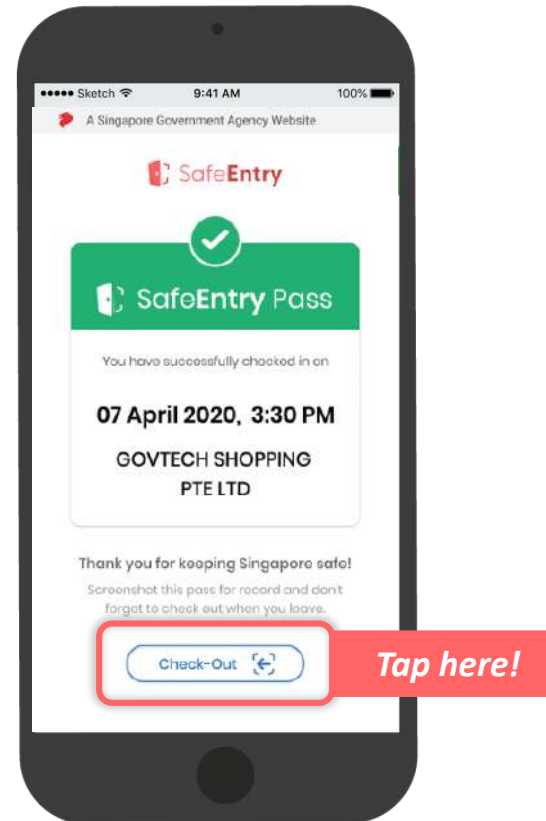

Don't forget to check out 😊

A. SingPass Mobile

B. Scan QR code

C. NRIC / FIN

This will help in faster contact tracing.

Frequently Asked Questions

1. Can I use other QR scanners besides the recommended ones?

For security reasons, users are advised to use only the SingPass Mobile QR scanner, the iPhone camera for iOS devices, or Trend Micro QR scanner for Android devices.

2. How can I check out without scanning a QR code again?

For QR code users, tap the 'Check-out' button at the bottom of the 'Check-in' screen. For SingPass Mobile users, tap on the 'Check out' button under the 'Resource Hub'.

3. Do businesses have access to the data I submit through SafeEntry?

No. Only authorised public officers will have access to the data submitted. Stringent measures are in place to protect your personal data.

4. For how long will my data be kept?

The data collected through SafeEntry is retained for 25 days, which is the necessary retention period to support MOH's contact tracing efforts.
